Elephant table

Neuland

Casper rain cover p. 196

IT La famiglia delle poltroncine Elephant, con la loro caratteristica scocca ispirata alla schiena di un elefante, si arricchisce di un nuovo elemento: il tavolino bistrot. Nato dalla base a trespolo della versione girevole, in alluminio pressofuso verniciato, sostiene un sottile piano rotondo. Un'idea che si amplia fino a comprendere anche una versione con doppia base e piano rettangolare. I versatili tavoli Elephant sono disponibili con piani in diversi colori, possono essere fissi o pieghevoli, per le più diverse esigenze e situazioni: dalla casa, all'ufficio o per il mondo del contract.

EN The collection of Elephant chairs, with their characteristic structure inspired by the shape of an elephant's back, is enhanced with a new item: the bistrot table. Based on the trestle base of the swivel version, in painted pressure die-cast aluminium, it supports a thin round top.

The idea has been extended to also include a version with a double base and a rectangular top. Versatile Elephant tables are available with tops in different colours, either fixed or folding, to suit the most diverse needs and contexts: the home, the office or contract furniture projects.

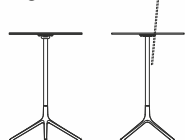

DE Die Familie der Sessel Elephant mit ihrem charakteristischen, an den Rücken eines Elefanten erinnernden Aufbau wird durch ein neues Element bereichert: den Beistelltisch Bistrot. Er entsteht aus dem drehbaren Ständer aus lackiertem Aluguss und trägt eine dünne runde Platte. Eine Idee, die sich bis zu einer Version mit doppeltem Untergestell und rechteckiger Platte weiterentwickelt. Die vielseitigen Tische Elephant sind mit Platten in verschiedenen Farben und in fixer oder klappbarer Version lieferbar, um den unterschiedlichsten Anforderungen und Situationen gerecht zu werden: vom privatem Heim bis hin zum Büro oder zur Contract-Branche.

ES La familia de butacas Elephant, con su típico bastidor inspirado en la espalda de un elefante, se enriquece con un nuevo elemento: la mesita bistró. Nacida a partir de la base en forma de trípode de la versión giratoria, de aluminio moldeado a presión barnizado, sostiene un fino sobre redondo. Una idea que se amplía para incluir también una versión con doble base y sobre rectangular. Las versátiles mesas Elephant están disponibles con sobres de varios colores y pueden ser fijas o plegables

para adaptarse a todo tipo de necesidades y situaciones: de la casa a la oficina o al mundo de las colectividades.

FR La famille des petits fauteuils Elephant, avec leur coque caractéristique s'inspirant du dos d'un éléphant, s'enrichit à présent d'un nouvel élément: la table basse bistrot. Son piètement, créé à partir de celui à tréteau de la version pivotante, est disponible en aluminium moulé sous pression finition laqué et il sert de support à un mince plateau rond. Une idée qui se développe jusqu'à offrir également une version double piètement avec plateau rectangulaire. Les tables versatiles Elephant sont disponibles avec des plateaux en différents coloris, en version fixe ou pliable, pour répondre aux exigences et aux milieux les plus variés: la maison, le bureau ou les collectivités et l'hôtellerie.
